Visit the village of Gourdon

One of France's most beautiful villages, Gourdon is a medieval fortress overlooking the verdant Vallée du Loup. From the Place Victoria, listed in 1940, you can enjoy an exceptional panorama of 80 km of coastline, stretching from Nice to Théoule, revealing the Mediterranean Sea. On the route des saveurs et des senteurs, the village has retained its authentic charm, with its 12th-century Romanesque church. The village's lively streets, Provençal houses, numerous craftsmen and warm welcome make it one of the region's most popular spots.

Visit the Confiserie Florian
